Permit Terms and Conditions

1. By signing below, you agree to comply with all conditions of the Stormwater Permit and any applicable sections of the City of Glendale Municipal Code of Ordinances. All work must conform to the approved GESC Plans and the Stormwater Construction Program Requirements, as amended.
2. A Stormwater Construction Permit Certification or Permit Waiver is required from the Colorado Department of Public Health and Environment for any project disturbing one acre or more.
3. The applicant may be required to provide security in the form of cash escrow or an irrevocable letter of credit in the amount of the estimated cost of the work. If the Permittee does not successfully complete all required work or violates any requirement of the permit, the City may take corrective action and charge the cost to the Permittee.
4. The City, or its designee, must be allowed unrestricted access to the site to conduct regular site inspections.
5. It is the responsibility of the Permittee(s) and Stormwater Manager to be familiar with the Stormwater Program and all it's requirements, available online at www.glendale.co.us.
6. Temporary control measures (CMs) shall be adequately maintained at all times. All temporary control measures shall be removed when they are no longer needed or when the project is complete.
7. The City may suspend or revoke the Stormwater Permit for violation of any part of the applicable sections of the City of Glendale Municipal Code of Ordinances.
8. Any violation of this permit or of the applicable sections of the City of Glendale Municipal Code of Ordinances is punishable with a fine of up to \$1,000 per offense per day and/or issuance of a stop work order, notice of noncompliance, or other penalties as listed in the City of Glendale Municipal Code of Ordinances.
9. The Permit Holder shall grade the said project site in accordance to the City of Glendale approved grading plan, and execute all CMs in accordance with the City of Glendale accepted GESC/Stormwater Management Plan.
10. The permit holder shall continuously update their GESC Plan /Stormwater Management Plan to reflect current conditions, and execute additional CMs if needed to prevent sediment and pollutants leaving the site.

By signing below, I agree that I am responsible for all of the above conditions and associated responsibilities, until such time as a City of Glendale closure of the permit has been granted. The contractor agrees that all applicable city and state permits have been obtain.
